

Community Workshops

It's back *Coffee Social Hour*

May 5, 2018 UNDERSTANDING AND ADVOCATING for the IEP YEARROUND

This workshop is right on time for “IEP season”, the time of year when many parents are preparing to attend their student’s annual IEP meeting. It’s often not enough to show up once per year and give input into the IEP. Learn tips for how and what you should be monitoring throughout the school year and how to hold your child’s IEP team accountable for your student’s progress. We teach parents how to spend the summer getting their IEP monitoring process in place for the 2018–2019 school year.

June 2, 2018 POTTY TRAINING 101–*Independent toileting for all ages*

It’s never too late to teach independent toileting skills. For children with complex learning challenges, teaching them to use the bathroom independently can be challenging for parents. This workshop provides parents with tips for success with toilet training. We’ll even have opportunities for parents to schedule a discounted toileting consultation in their homes!

RSVP to our free community workshops at info@thectcenter.com or 301.577.4333
