Enriched, fun summer learning...just in time for school!

What better way to wind down the summer and keep the momentum going from the extended school year than to merge fun and learning? JOIN US to experience camp with a special twist of GEARING UP for school! Campers will participate in math, reading, science, and art activities that are designed to “reboot” learners in preparation for returning to school.

We are experts in fun and more importantly, experts in working with differently-abled learners.
